

CHEMONT

S O L U T I O N S

TECHNOLOGY FOR THE FUTURE

WHY CHEMONT SOLUTIONS?

Our company has over **75 years of experience** in the construction of equipment **dedicated to the chemical, petrochemical and energy industries, as well as in the manufacturing of steel structures**. Moreover, we offer **a full range of design services** – from concept and cost estimation, through design, production, and assembly, to designer supervision and technical consulting.

In December 2024 Chemont Solutions was incorporated into the ownership structure of **KONKO S.A.**
